Letter from the Director:

Help. Community Lifeline Center helps local residents manage crises and navigate their way back to self-sufficiency. This assistance ranges from financial help – rent, utilities, medical, dental or prescription assistance – to information/referral and advocacy while our client choice Lifeline Food Market helps those in need put food on the table.

Hope. We give from a point of compassion – we offer **transformational support** rather than transactional support. Our case manager serves to help clients weather the storm and get back on their feet stronger than ever. Our motto: Give a man a fish and you feed him for a day; teach a man to fish and you feed him for a lifetime.

Here. Since 1989, Community Lifeline Center has been here for residents in McKinney and North Collin County. When the unexpected crisis hits – we offer a shoulder to lean on. With your help, we will continue to be the community's lifeline for years to come.

Melanie Perkins – CLC Executive Director

Annual Report 2016

Our goal is to provide firm footing to those experiencing a temporary crisis. Their needs may range from financial support, to goods and services.
